

It is the goal of the I Love Learning Preschool to develop a love of learning in a safe and nurturing environment where each child and family is recognized and appreciated. Our curriculum is founded on the belief that children learn best through creative play and exploration. Therefore our classrooms and curriculum have been carefully designed to promote varied learning experiences. Children participate in individual, small group, and whole group activities on a daily basis.

I Love Learning Preschool strives to prepare our preschoolers for elementary school by including activities into our program that promote development of social, emotional, physical, cognitive and language skills. Our teachers recognize the unique learning styles, needs, and interest of each child and work to offer learning experiences that are developmentally appropriate considering our students' ages, individual needs and social and cultural contexts
